REMARKS

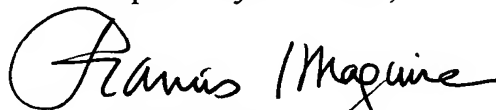

This request for consideration of an Information Disclosure Statement filed May 27, 2008 is made because the final action of August 21, 2008 did not contain an initialled PTO-1449 submitted by applicant with the Information Disclosure Statement of May 27, 2008.

It is requested that the Examiner consider the Japanese Office Action submitted in that Information Disclosure Statement along with the NPL reference from the proceedings of the 11th International Workshop on Network and Operating System Support for Digital Audio and Video, June 25-26, 2001, pages 125-133.

The un-initialled PTO-1449 shows up on the PAIR system so it is clear that the U.S. Patent and Trademark Office has received this Information Disclosure Statement filed May 27, 2008.

In a telephone conference between the undersigned and Examiner Casca on August 30, 2008, the Examiner agreed to consider the Information Disclosure Statement and to send back the initialled PTO-1449. However, the undersigned has not yet received the initialled PTO-1449 and it does not show up on the PAIR system.

Respectfully submitted,

Francis J. Maguire
